Request for Review

CC Docket No. 02-6

CC Docket No. 96-45

To Whom It May Concern:

The Bronx Charter School for Better Learning requests a review of the decision of the Universal Service Administration Company (USAC) to deny 471 application 506207.

The person who can most readily discuss this with you is the school's E-rate consultant:

Name: Janice Meyers Phone: 914-715-2466
Address: 218 Gordon Ave. Fax: 914-332-0075
Sleepy Hollow, NY 10951 Email: meyersjanice@hotmail.com

Funding Information

Funding Year: 2006
Form 471#: 506207
BEN: 16034149
Entity Name: The Bronx Charter School for Better Learning

Background

The Bronx Charter School for Better Learning filed two form 471 applications for the 2006-2007 funding year, application # 504658 and # 506207.

A Funding Decision Commitment letter for application # 504658 was issued on 09/19/2006. Application # 504658 reimbursement rate was reduced from 90% - 80% because of a PIA review. This decision was appealed to USAC on October

No. of Copies rec'd 0

M A B C D E 1

2, 2006(see attached exhibit **A**). This appeal was denied by **USAC** on November 6, 2006(see Exhibit B). The school appealed this decision to the FCC on **December 5, 2006 (see Exhibit C)**. **This appeal is still** under consideration.

On April 3, 2007 a Funding Decision Commitment Letters was issued for application number 506207. This application was denied because "Site specific discount was reduced. Given demand, the funding cap will not provide for Internal Connections/Basic Maintenance of Internal Connections at you approved discount level to be funding."

Arguments

FCC rules state that the discount available to an application is determined by the level of poverty measure by the percentage of students **enrolled** in a school or district who are **eligible** for free or reduced price lunch under the National School Lunch Program. (47 C.F.R. sec 54.505(b))

USAC has misinterpreted this rule by reducing application # 504658 on the basis of "an average daily enrollment". They have taken the average daily attendance on Exhibit A of 154 as the number of students enrolled. This is not the enrollment. The enrollment is 162. (See Exhibit B, sentence marked 1). Furthermore, USAC has used the number of student who actual ate lunch on that week -110 as the number eligible for the free and reduced lunch. They have used these figures to compute a reimbursement rate of 71.42%. USAC has again misinterpreted the FCC rule by using the number of student who **consumed** the lunch as apposed the **eligibility** of the students based on the submission of the NSLP forms.

I argue that USAC is incorrect and inconsistent by taking the number of students consuming lunch and dividing that by the average daily attendance to determine the reimbursement rate. Please refer to Exhibit B, Item 1 a Report of Meals

Served from Leake and Watts (BEN 1118). This school has been funded at the 90% rate basis of the Report of Meals Served dated 12/16/06. If we were to use USAC's formula of taking the number of free/reduce meals served divided by the average daily attendance the reimbursement rate would be 63.55%. This **was** not done by USAC; instead USAC took the number of free/reduced- 120 and divided that by the number registered 147 to arrive at a reimbursement rate of 81.63%

This misinterpretation of the FCC rule has caused the reduction of application number 504658 from the 90% reimbursement rate to the 80% reimbursement rate. It has also caused the denial of funding of application number 506207

Conclusion

Please correct this misinterpretation of the FCC rules and overturn the USAC's denial of funding for application 506207.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Janice Meyers", with a large, stylized initial "J".

471 application number **504658**

BEN **16034149**

I **am** appealing the Discount Percentage Approved by USAC 80%

Funding Commitment Decision Explanation: The site-specific discount was reduced to a level that could be validated based on third party data.

Application **471** number **504658** ~~was~~ filed using the following data submitted in :

Block3 Worksheet A by the school:

Student count: **162**

NSLP: **125**

NSLP Students: **77.160%**

On June **13, 2006** we received a PIA request requesting among other things validation of "your requested discount percentage of 90% for The Bronx Charter School for Better Learning". The school participates in the New York City Board of Education Nutrition Services. We submitted a meals claim form signed by ~~our~~ Principal Shubert Jacobs.

Please see attached claim form.) The form clearly shows that the NSLP claims for lunch are at the 80% range which would make ~~our~~ discount rate 90%.

I printed ~~our~~ NCES data from the **2004-2005** school year which shows our NSLP rate of **76.23%**. This data is old.

I **am** requesting that ~~our~~ discount rate **be** adjusted to reflect a 90% reimbursement rate.

Administrator's Decision on Appeal - Funding Year **2006-2007**

November 06, 2006

Janice Meyers
The Bronx Charter School For Better Learning
218 Gordon Avenue
Sleepy Hollow, NY 10591

Re: Applicant Name: THE BRONX CHARTER SCHOOL FOR
BETTER LEARNING
Billed Entity Number: 16034149
Form 471 Application Number: 504658
Funding Request Number(s): 1390304, 1390312, 1390324, 1405866
Your Correspondence Dated: October 02, 2006

After thorough review and investigation of all relevant facts, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has made its decision in regard to your appeal of USAC's Funding Year 2006 Funding Commitment Decision Letter for the Application Number indicated above. This letter explains the basis of USAC's decision. The date of this letter begins the 60 day time period for appealing this decision to the Federal Communications Commission (FCC). If your Letter of Appeal included more than one Application Number, please note that you will receive a separate letter for each application.

Funding Request Number(s): 1390304, 1390312, 1390324, 1405866
Decision on Appeal: Denied
Explanation:

- During the Appeal Review, USAC thoroughly assessed the facts presented in the appeal letter, the relevant documentation on file, and the FCC Rules and Procedures before making its determination on your appeal. USAC agrees that PIA correctly determined that the percent discount should have been 80% based on the Report of Meals Served documentation that was submitted to PIA. This documentation reflected an average daily enrollment of 154 students of which 110 students or 71.43% are eligible for free and reduced lunch. This percentage equates to an 80% discount level per the discount matrix. The information submitted on the Form 471 is solely the applicant's responsibility. Since you did not demonstrate in your appeal that the adjustment USAC made to your discount percentage was incorrect, your appeal is denied.

①

EXHIBIT B

- FCC Rules provide that the discount available to an applicant is determined by indicators of poverty and high cost. 47 C.F.R. sec. 54.505(b). ~~The level of poverty is measured by the percentage of students enrolled in a school or school district who are eligible for a free or reduced price lunch under the National School Lunch Program, or a federally-approved alternative mechanism.~~ Alternatively, the level of poverty is measured according to participation in Medicaid, Food Stamps, Supplementary Security Income (SSI), Federal Public Housing Assistance or Section 8, or Low Income Home Energy Assistance Program (LIHEAP). See Federal-State Joint Board on Universal Service, CC Docket No. 96-45, Report and Order, 12 FCC Rcd 8776,9045, FCC 97-157 para. 510 n. 1334 (rel. May 8, 1997). The high cost determination is made pursuant to FCC Rules that classify a school or library as rural or urban. 47 C.F.R. sec. 54.505(b)(3). **An** applicant's discount rate is determined by reference to a matrix based upon the level of poverty and whether the entity is classified as rural or urban. 47 C.F.R. sec. 54.505(c).

If your appeal has been approved, but funding has been reduced or denied, you may appeal these decisions to either USAC or the FCC. For appeals that have been denied in full, partially approved, dismissed, or canceled, you may file an appeal with the FCC. **You** should refer to CC Docket No. 02-6 **on** the first page of your appeal to the FCC. Your appeal must be received or postmarked within 60 days of the date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the Secretary, **445** 12th Street SW, Washington, DC 20554. Further information and options for filing **an** appeal directly with the FCC can be found in the "Appeals Procedure" posted in the Reference Area of the SLD section of the USAC website or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

We thank you for your continued support, patience and cooperation during the appeal process.

Request for Review

CC Docket No. 02-6

CC Docket No. 96-45

To Whom It May Concern:

The Bronx Charter School for Better Learning requests a review of the decision of the Universal Service Administration Company (USAC) to deny the increase of the school's reimbursement rate from 80% to 90%.

The person who can most readily discuss **this** with you is the school's E-rate consultant:

Name:	Janice Meyers	Phone: 914-715-2466
Address:	218 Gordon Ave. Sleepy Hollow, NY 10951	Fax: 914-332-0075 Email: meversianice@hotmail.com

Funding Information

Funding Year: 2006

FRN: 1390304, 1390312, 1390324, 1405866

Form 471#: 504658

BEN: 16034149

Entity Name: The Bronx Charter School for Better Learning

The Bronx Charter School for Better Learning made an application for Priority One services for the 2006-2007 school year.

Application 471 number 504658 was filed using the following data submitted in:
Block3 Worksheet A by the school:

Student count: 162 NSLP: 125 NSLP Students: 77.160%

During a **PIA** review the school was asked to validate the discount rate. The school submitted a **A Report of Meals Served** form that is used by the New York City Board of Education for reimbursement for the NSLP (See attached A). The for schools that on any given day during the week of 6/09/06 the number of meals served and claimed for reimbursement ranged from 80-82.6% **free/reduced**.

EXHIBIT C

USAC reduced the funding level from 90% to **80%** stating: "The site-specific discount was reduced to a level that could be validated based on third party data."

On October 3, 2006, the school appealed the reduction in reimbursement rate to USAC. The appeal was denied on November 6, 2006.

The appeal was denied because "This documentation reflected an **average daily enrollment** of which 154 or 71.43% are eligible for free and reduced lunch. This percentage equates to an **80%** discount level per the discount matrix."

The denial letter further states "The level of poverty is measured by the percentage of students **enrolled** in a school or school district who are eligible for a free or reduced price lunch under the National School Lunch Program..."

The Report of Meals Served form shows the number of students' registered-162 and the **average daily attendance** 154-Not the **average daily enrollment**. There is no such thing as average daily enrollment. Furthermore the FCC guidelines state the level of poverty is determined by the number of student **eligible** under the NSLP, not the number that **actually ate lunch or attended school** on a given day.

I am the Letter of Agency for many schools in the New York City area that used A Report of Meals Served to validate their reimbursement rate for the E-rate program. Please see the attached Report of Meals Served (example B- Leake and Watts and Example C- South Bronx Charter School) both schools were funded at the 90% reimbursement rate based on the submission of these forms.

Both forms show that the reimbursement rate was determined by using the total of the free/reduced lunches served divided by the total meals served **NOT** the number of students' registered or the average daily attendance

Example B Leake and Watts 471 # 522053 FRIDAY lunch figures were 84 free/reduced divided by **107**- total meals served

Example C South Bronx Charter School- 471 # **511223** FRIDAY lunch figures show **183** free/reduced divided by 186.

I have enclosed copies of the Report of Meals Served (Example D) showing meals served and reimbursement from 11/2005-11/2006. All of these claim form show the school's reimbursement rate at least **80%** which make this school eligible for an E-rate reimbursement rate of 90%

Please see the signed certification (example E and F) from the principal, Shubert Jacobs stating the number of free and reduced students for the 2006-2006 and 2006-2007 school year. The original school lunch forms are available for your review at The Bronx Charter School for Better Learning, 3740 Baychester Ave., Bronx, NY 10466.

EXHIBIT C

I am asking that you restore this school's reimbursement rate to 90% as shown by the attached support documentation.

Sincerely,

Janice H. Meyers
